The Gecko

WELCOME!

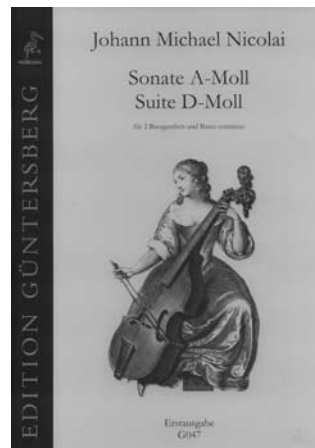

August 2006

The Orpheus Music Recorder Course 2007 promises a very exciting and varied programme as well as a great line up of tutors. If there is not a copy of the brochure and enrolment form with this Gecko or you would like one for a friend let me know and I will send you one.

For all the keen and aspiring composers out there the annual Orpheus Music Recorder Composition Competition deadline is the 31st of August. There are two main sections, open and under 18, so if you have something, please consider submitting it.

On other news Orpheus Music has expanded with a number of editions from a variety of new and established publishers including Edition Minkoff, Spes, Fuzeau (F), Edition Guntersberg (G), Edition Baroque (eba). Flautando Edition (FEA), Manuskriptsammlung (MS) and Ursus-Verlag (UV). Edition Guntersberg and Edition Baroque are modern editions whilst Minkoff, Spes and Fuzeau Editions are in facsimile format. There are quite a few other ones on the way so watch for these in the next Gecko. The next Gecko will also feature a range of available second hand music.

The eba editions are relatively new on the market and have been very popular in England, America and Europe. They do many editions of lesser known composers like de la Barre that have previously only been available in facsimile as well as old favourites like the 8 Recercadas by Ortiz, Playford/Altera "The Dancing Master" organised in 3 volumes: 1 Maggots and Marches: II Cooking and Gardening: III Dames and Dances. These are all very attractive and interesting editions. For full list please refer to "New at Allspice". All the recorder editions are currently in stock. There are quite a few gamba and chamber editions as well that I am happy to get in if there is interest.

The Guntersberg editions focus on Chamber music and music for the viol. Lots of music for two bass Gambas with and without continuo. Composers in stock now include Erlebach, Guignon, Nicolai, Schule, Fux and Gambenduos. All clearly presented with nice front and back illustrations.

Editions from Fuzeau, Spes and Minkoff are the ultimate in any music collection. There is no doubt that playing from facsimile is the definitive experience, but for many the wading through handwritten notation and transposing into different clefs is all a bit daunting. I would always encourage recorder players to have a go though, and enjoy the music first hand with Composers such as Hotteterre, de la Barre, Marais, Couperin, Bernier, Caix d'Hervelois, Philidor etc.
